

HSE Policy

It is the endeavor of Neo Structo Construction Ltd. to maintain the highest standard of Health, Safety & Environment for all our operations.

Safety is considered of prime importance and gets riding priority over all other activities.

We shall comply with all legal and other statutory requirements and shall prevent pollution and safeguard environment by minimizing use of natural resources, recycle and re-use options.

We believe in Zero Accident and Maximum Productivity and enforce it by educating, constant monitoring and giving full backup to our managerial and down the line Engineers, Technicians and Others involved in the operations.
